CULVERT CLEANING REQUEST

You must have a current fire tag before the Fire Department performs a culvert cleaning on your property. The cost for the culvert cleaning service is \$100. Your check or money order should be made payable to LTVFD. You can mail it directly to us or place it in our drop box on the side of the Fire House. When dropping your payment at the Fire House drop box, please raise the flag. If paying with cash, please make sure you have correct amount. Any funds over the required payment will be considered a donation. Upon receipt we will visit your property to assess the situation and contact you should we determine the service is greater than expected and advise you of the additional cost for your final approval. Please remember that we are a volunteer fire department and service will depend on the manpower available as well as the weather conditions.
